- INSIGHTS

INTRODUCTION

About Company:

Atliq Hardware is a prominent computer hardware producer based in India, holding a leading position not only in the Indian market but also in various other countries.

Category

- Internal HDD
- External Solid State Drives
- Personal Desktop
- Processors
- MotherBoard
- Batteries
- Graphic Card
- Gaming Laptop
- Business Laptop
- Mouse
- Keyboard
- Personal Laptop

Segment

- Storage
- Desktop
- Peripherals
- Notebook
- Accessories

Division

- N & S
- PC
- P & A
OBJECTIVE

- **Enhance Decision-Making**: Improve the quality of decision-making by providing the management with quick and data-informed insights.

- **Expand Data Analytics Team**: Strengthen the data analytics team by hiring multiple junior data analysts proficient in both technical and soft skills.

- **Evaluate Candidate Skills**: Conduct a SQL challenge to assess candidates' proficiency in technical abilities and communication, ensuring the selection of suitable candidates with a balanced skill set.

DATA AND REQUEST

Data Model

Tools Used
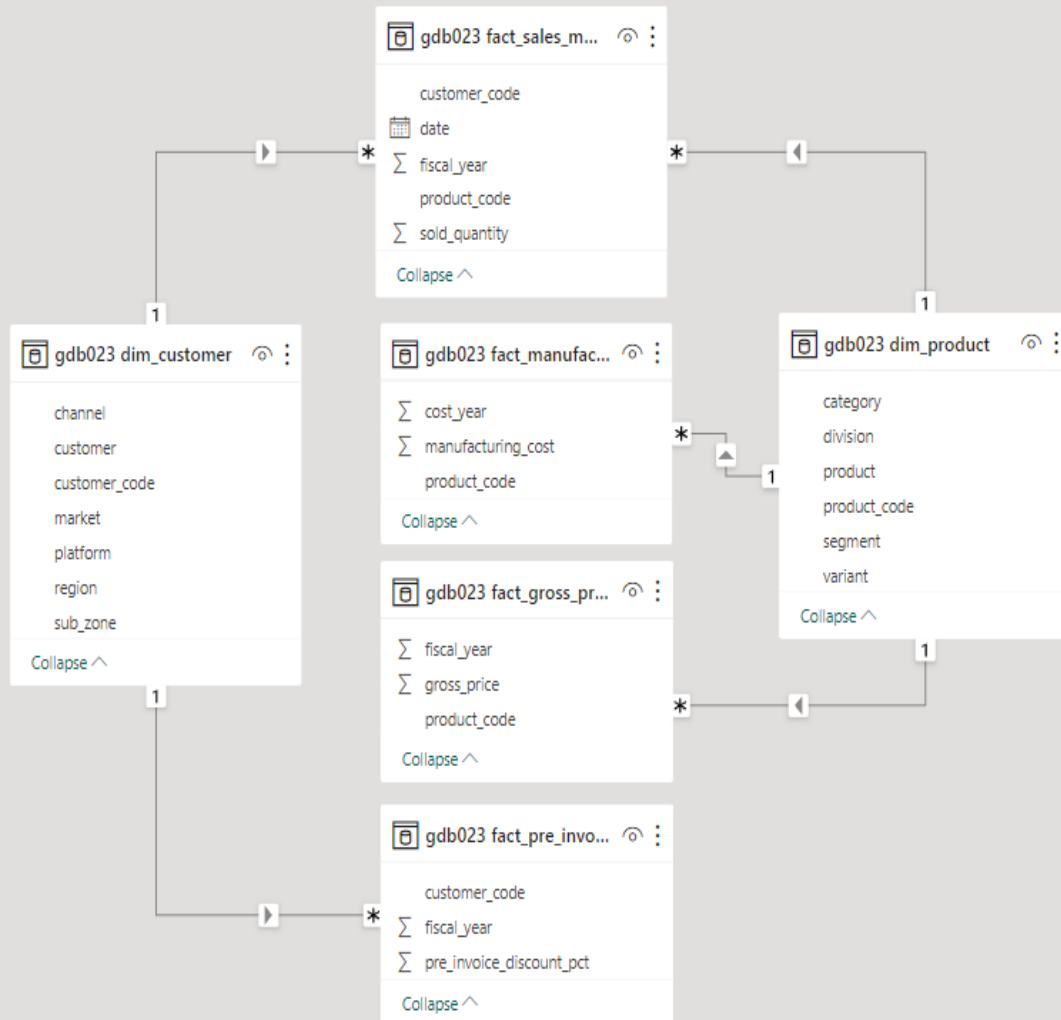

Codebasics SQL Challenge

Requests:

1. Provide the list of markets in which customer "Atliq Exclusive" operates its business in the APAC region.

2. What is the percentage of unique product increase in 2021 vs. 2020? The final output contains these fields,
   - unique_products_2020
   - unique_products_2021
   - percentage_chg

3. Provide a report with all the unique product counts for each segment and sort them in descending order of product counts. The final output contains 2 fields,
   - segment
   - product_count

4. Follow-up: Which segment had the most increase in unique products in 2021 vs 2020? The final output contains these fields,
   - segment
   - product_count_2020
   - product_count_2021
   - difference

5. Get the products that have the highest and lowest manufacturing costs. The final output should contain these fields,
   - product_code
   - product
   - manufacturing_cost

6. Generate a report which contains the top 5 customers who received an average high pre_invoice_discount_pct for the fiscal year 2021 and in the Indian market. The final output contains these fields,
   - customer_code
   - customer
   - average_discount_percentage

7. Get the complete report of the Gross sales amount for the customer "Atliq Exclusive" for each month. This analysis helps to get an idea of low and high-performing months and take strategic decisions. The final report contains these columns:
   - Month
   - Year
   - Gross sales Amount

8. In which quarter of 2020, got the maximum total_sold_quantity? The final output contains these fields sorted by the total_sold_quantity,
   - Quarter
   - total_sold_quantity

9. Which channel helped to bring more gross sales in the fiscal year 2021 and the percentage of contribution? The final output contains these fields,
   - channel
   - gross_sales_mln
   - percentage

10. Get the Top 3 products in each division that have a high total_sold_quantity in the fiscal_year 2021? The final output contains these fields,
    - division
    - product_code

Ad_Hoc Task

5

Request 1:
Provide the list of markets in which customer "atliq exclusive" operates its business in the APAC region.

```sql
SELECT market FROM gdb023.dim_customer
where customer = "Atliq Exclusive" and region = "APAC"
group by market
order by market ;
```

market
Australia
Bangladesh
India
Indonesia
Japan
Newzealand
Philipines
South Korea

APAC_Market_List

● Australia ● Bangladesh ● India ● Indonesia ● Japan ● Newzealand ● Philipines ● South Korea
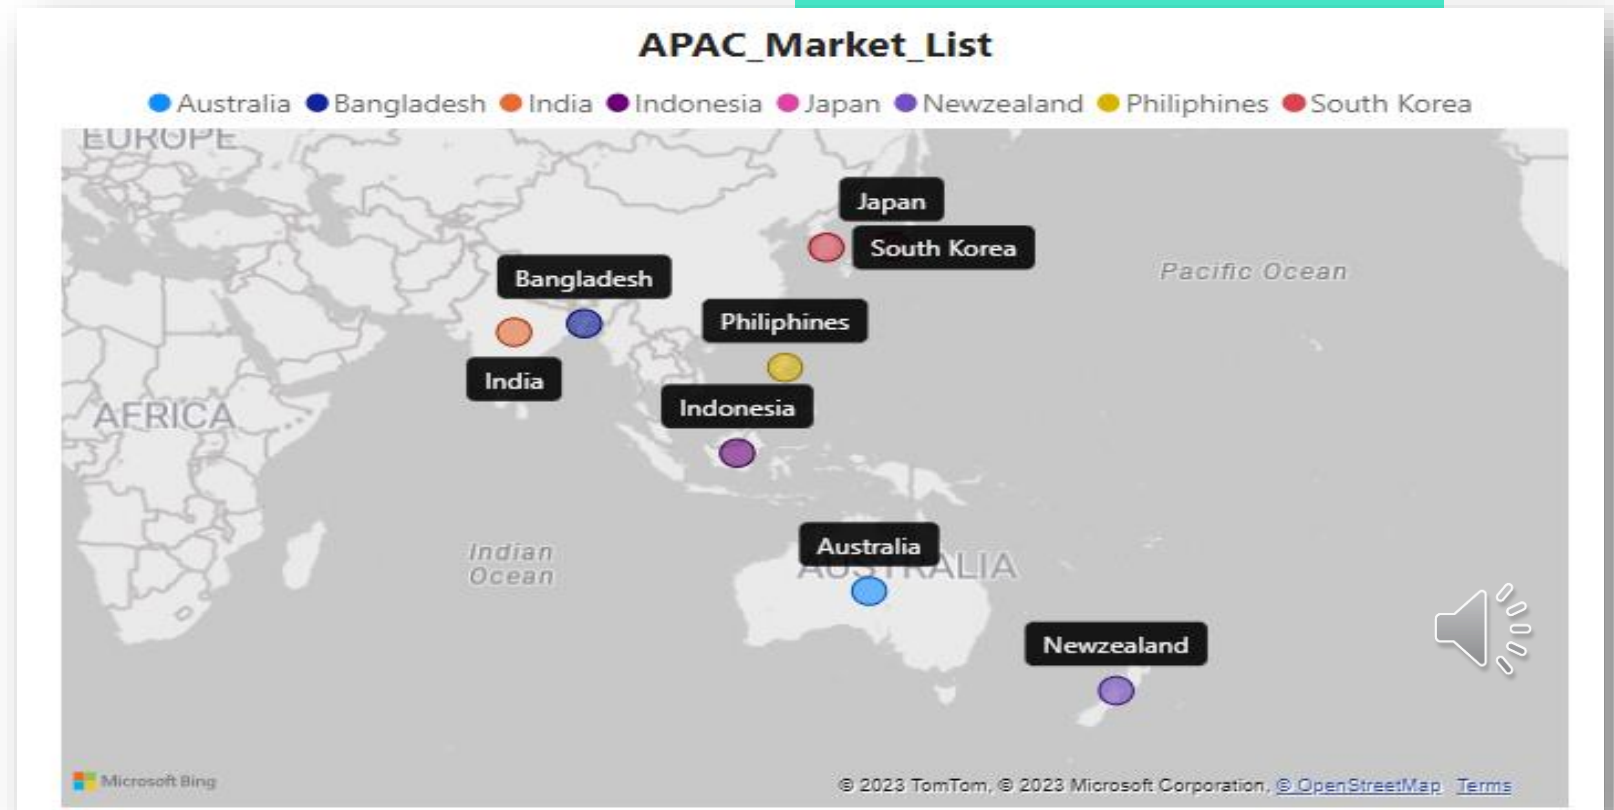

Request 2:
What is the percentage of unique product increase in 2021 vs. 2020?

```sql
SELECT
        AA.A as Unique_products_2020,
        BB.B as Unique_product_2021,
        round((B-A)*100/A,2) as percentage_chg
from
(
(select count(distinct(product_code)) as A FROM gdb023.fact_sales_monthly
where fiscal_year =2020) AA,
(select count(distinct(product_code)) as B FROM gdb023.fact_sales_monthly
where fiscal_year =2021) BB
);
```

Unique_products_2020	Unique_product_2021	percentage_chg
245	334	36.33

Percentage Changes

36.33
Request 3:
Provide a report with all the unique product counts for each segment and sort them in descending **order of product counts.**

```sql
select * from dim_product;
select
        segment,
        count(distinct(product_code)) as product_count
from dim_product
group by segment
order by product_count desc;
```

segment	product_count

Request 4:
Follow-up: which segment had the most increase in unique products in 2021 vs 2020?

```sql
with cte1 as(
select  dp.segment as A,
        count(distinct fs.product_code) as B
from fact_sales_monthly fs
join dim_product dp
on fs.product_code=dp. product_code
group by dp.segment , fs.fiscal_year
having fs.fiscal_year=2020
),

 cte2 as(
select  dp.segment as C,
        count(distinct fs.product_code) as D
from fact_sales_monthly fs
join dim_product dp
on fs.product_code=dp. product_code
group by dp.segment, fs.fiscal_year
having fs.fiscal_year= 2021
)

select cte1.A as segment,
        cte1.B as product_code_2020,
        cte2. D as product_code_2021,
        (cte2.D-cte1.B) as difference
from cte1,cte2
where cte1.A=cte2.C;
```

segment	product_code_2020	product_code_2021	difference

INSIGHTS

- Our unique product experienced a remarkable **36.33%** increase in sales during the fiscal year 2021 compared to the previous year.

- The **top-selling** product in our portfolio is the **Notebook**, while the **Networking product** line shows the **lowest sales figures**.

- Among our product manufacturing costs, **Desktops have the highest expenditure**, whereas **Mouse** production costs are the **lowest.**

- During FY2021**, Flipkart** made the highest customer contribution with an impressive **30.83%**, whereas **Amazon's** customer contribution was at its lowest, with a figure of **29.33%**.

- During the **lowest sales** period, which was in March 2020, we achieved sales of **2.8 million** units. However, in November 2021, we experienced our **highest sales** contribution with a record of **32.2 million** units sold.

THANK YOU
